Expected Life: 5 years avg.
Battery Life: 1 year avg.
Avg. Light Spread: 4 ft. on path and 20 ft. on bullet.
Lamp: 50,000 hr. LED.
Warranty: 2 years limited.

Cast Aluminum Solar Bullet with Remote Solar Panel

Solar outdoor accent light kit in durable black poly finish. 20' lead. Light projects up to 20 ft. Compare to 18W.

SS-SFL-605 BULLET

About Solar Fixtures
 When placed in direct sunlight, the solar panel converts energy into electricity that charges the enclosed batteries. Each unit has a built-in light sensor that runs on in low light (twilight). Fixture stays on until stored energy is depleted. Next day it is recharged by the sun.

Solar Glass Urn Path with Remote Solar Panel

Solar powered brass path and accent light / urn that makes a unique design statement. Solid brass construction with glass shade. 4-3/8" dia x 23" tall

SS-209 URN
